

REMARKS

In the Office Action, the Examiner objected to the disclosure because it allegedly contains embedded hyperlink and/or other form of browser-executable code. Applicants respectfully submit that the substitute specification filed July 10, 2002 (received July 15, 2002) removed any embedded hyperlinks or other browser-executable code. Accordingly, it is respectfully requested that the Examiner reconsider the objection to the disclosure on this basis.

In addition, the Examiner noted the use of an alleged trademark "AT&T Wireless Service" is referenced in the application. The Examiner requested that such alleged trademark be capitalized. Accordingly, the specification has been amended to capitalize this phrase as requested by the Examiner.

Although the Examiner allowed claims 32-48, the Examiner rejected claims 84-104 under the first paragraph of 35 USC § 112 as well as 35 USC § 101. Applicants respectfully disagree with the Examiner's rejections in this regard. Nevertheless, to expedite prosecution and to obtain early allowance, Applicants cancel claims 84-104 from the application by this amendment. Consequently, only allowed claims 32-48 remain pending. Reconsideration of the application and an early notice of allowance are earnestly solicited.

Additionally, it is noted that Applicants filed an information disclosure statement with the initial filing. In the first office communication dated November 29, 2001, page 1 indicates an Information Disclosure Statement Form PTO-1449 as being attached. However, Applicants are not in possession of this returned Form PTO-1449 indicating the Examiner's consideration of the references identified in the Information Disclosure Statement. In addition, we noticed that items A and B of the Information Disclosure Statement had an incorrect issue date and item B has a typographical error. Corrections have been made to those two references on a copy of the Form PTO-1449 provided herewith. Accordingly, it is respectfully requested that the Examiner return to Applicants a signed copy of this Form PTO-1449 with the next office communication.

Applicants believe that all pending claims are allowable and respectfully requests a Notice of Allowance for this application from the Examiner. Should the Examiner believe that a telephone conference would expedite the prosecution of this application, the undersigned can be reached at the telephone number set out below.

If there are any issues remaining which the Examiner believes could be resolved through either a Supplemental Response or an Examiner's Amendment, the Examiner is respectfully requested to contact the undersigned attorney at the telephone number listed below.

Applicants hereby petition for an extension of time which may be required to maintain the pendency of this case, and any required fee for such extension or any further fee required in connection with the filing of this Amendment is to be charged to Deposit Account No. 50-0388 (Order No. UWP1P036C2).

Respectfully submitted,
